Introduction

I am a passionate **UX/UI Designer and Frontend Developer** with a strong foundation in user-centered design, wireframing, prototyping, and front-end programming. I am dedicated to creating intuitive and engaging digital experiences by blending technical expertise with a deep understanding of user needs. My goal is to deliver designs that are both functional and visually compelling.

Experience

Team Lead, Talecraft.ca Project

Algonquin College, Canada

September 2024 - November 2024

Led a team in a college project for a real client, assisting in building an impactful online presence. I collaborated with the client to ensure the website met their objectives, focusing on user-friendly design and seamless functionality.

Mobile Application UX Development (Class Project)

Algonquin College, Canada

May 2024 - August 2024

Conducted user research, heuristic evaluations, and usability testing to improve design elements based on real user feedback, ensuring an optimized and user-friendly mobile application.
